PROFESSIONAL SUMMARY

Frontend Developer with an MSc in Organic Chemistry and over 14 years of experience in education. My background has developed a structured, analytical approach to problem-solving, attention to detail, and clear communication skills.

I build clear, functional, and accessible web interfaces using HTML, CSS, and JavaScript. My portfolio includes projects with authentication, API integration, local data persistence, testing, responsive design, and accessibility-focused interactions.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3 (Flexbox, Grid, CSS Variables), Sass, JavaScript (ES6+), Responsive Web Design, Semantic HTML, Accessibility Fundamentals
- **JavaScript & Web APIs:** DOM Manipulation, LocalStorage, REST API Integration, Form Validation, Error Handling, Internationalization (i18n)
- **Testing:** Jest, Node.js Test Runner
- **Tools & Workflow:** Git, GitHub, VS Code, Vite, Netlify
- **Services:** Firebase Authentication, OpenFoodFacts API

WEB DEVELOPMENT PROJECTS

Supplement Tracker | HTML, CSS, JavaScript, Firebase Authentication, LocalStorage, OpenFoodFacts API

A supplement and hydration tracking application with data separated for each signed-in user. Includes email/password authentication, supplement CRUD, hydration tracking, browser reminders, Serbian/English interface, API search, and in-app error handling.

GitHub | Live Demo

LabCalc | HTML, CSS, JavaScript, Jest

A laboratory calculator for common solution-preparation calculations. Includes molarity, mass percentage, and dilution calculations, unit conversions, calculation history, presets, input validation, accessible tabs, and toast notifications.

GitHub | Live Demo

Moj Motivator | HTML, CSS, JavaScript, Jest, LocalStorage, Lucide Icons

A daily focus and inspirational-message application. Includes a message generator, custom message CRUD, favorites, light and dark themes, toast feedback, and accessibility support.

GitHub | Live Demo

PROFESSIONAL EXPERIENCE

Chemistry Educator | Mitrovačka Gimnazija | *2012 – Present*

- Planned and delivered chemistry instruction while managing complex subject matter, documentation, and student progress.
- Mentored students for national science competitions through structured preparation, clear communication, and collaborative problem-solving.
- Used digital education platforms, including Google Classroom and e-Dnevnik, to organize materials, communication, and administrative workflows.
- Developed transferable strengths in analytical thinking, attention to detail, documentation, and explaining complex concepts clearly.

SELECTED MENTORING ACHIEVEMENTS

- 2013: First Place, National Science Competition - "Chain Reaction"
- 2015: Second Place, National Science Competition - "Heroes of the Future"

EDUCATION

- **Master of Organic Chemistry** | Faculty of Sciences, University of Novi Sad | 2012
- **Bachelor of Science in Chemistry** | Faculty of Sciences, University of Novi Sad | 2008
- **Pharmaceutical Technician** | Medical High School, Sremska Mitrovica | 2003

FRONTEND DEVELOPMENT TRAINING

- **The Complete JavaScript Course 2025: From Zero to Expert** | Udemy | 2026
- **Advanced CSS and Sass: Flexbox, Grid, Animations and More** | Udemy | 2026
- **Vite for developers** | Udemy | 2026
- **Learn HTML and CSS** | Scrimba | 2025
- **Web Development – CSS, HTML, JavaScript** | Campster | 2023
